Inventory Write-offs

The **Inventory Write-offs** tab helps you recognize and document inventory losses due to damage, misplacement, or theft. This feature enables you to precisely manage inventory discrepancies that occur beyond normal business activities.

To create a new inventory write-off, click the **New Write-off** button.

The **Inventory Write-offs** tab includes several columns:

Date

The date when the inventory write-off was recorded.

Reference

Reference number for the inventory write-off.

Inventory Location

Associated inventory location name for the inventory write-off.

Description

Description of the inventory write-off.
