Amortization — Edit

The **Amortization** edit form allows you to create new amortization entries or update existing ones. The form contains the following fields:

Date

Enter the date of the amortization entry.

Reference

Provide a reference number for the amortization entry.

Description

Add a description for the amortization entry.

Lines

Specify individual amortization lines, which have the following columns:

Intangible Asset

Select the intangible asset to be amortized.

Amount

Enter the amortization amount for the selected intangible asset.
